

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

Please stop this consolidation. I want to hear opposing viewpoints on commercial channels. Why don't you require that the public airwaves be used for the public good. I'm tired of hearing only one viewpoint and have no real variety in information, sources, and editorials.
